

The Government of the Kyrgyz Republic has the honor to inform that it will be conducting Second International Agro-Industrial Exhibition “AIYL-AGRO 2014” in Bishkek on May 14-16, 2014. The International agro-industrial exhibition AIYL-AGRO is the central sectoral site for demonstration of the latest technical solutions in the agro-industrial complex. The AIYL-AGRO is the only exhibition in the Kyrgyz Republic representing the entire spectrum of equipment and technologies for the agro-industrial complex from the key world manufacturers. The goal of the exhibition is to showcase the agricultural potential of Kyrgyzstan to investors, developing the competitive market of agricultural machinery, increasing the awareness of local farmers on most recent agricultural technologies

Kyrgyzstan is represented at the exhibition by the National exposition of 7 regions and two cities that demonstrate the Republic’s investment potential and national features to the visitors.

The first exhibition “Aiyl-Agro 2013” was one of the biggest events in agricultural field in recent 10 years. All the leading companies manufacturing agricultural machinery and equipment for agricultural processing were able to display their products to the public at large. Around 6000 farmers from different regions of the country have attended the exhibition.

The Government of the Kyrgyz Republic invites all interested companies and parties to take part at the forthcoming exhibition.

More detailed information on the Exhibition can be found at www.aiyl-agro.kg or by contacting organizers by email: aiyl@aiyl-agro.com
